Daka
came
to

Lifenet from Chilenje transient home through Social Welfare Department. Mapalo went to Chilenje Transient Home through social welfare after staying for a while at a police station.

Little is known about my Mapalo because he is young and nothing he says adds up to anything leading us to establish who is the only thing he knew saying was his name and that was junior. Because of this, it has proved difficult to investigate if any members of his family are alive or dead also difficulty to establish who he lived with and where he lived.

Therefore, at the adoption center they called him junior Daka. He stayed at the Transient home from 22 July 2004 and 12 October 2005.

When he came to Lifenet, he

was given a first name Mapalo, which means Blessings. He came to Lifenet on 12 October 2005 and when his all scalp was full of sores and his neck was swollen and weak.

Mapalo is now a very healthy boy his scalp has healed

after a lot of treatment. He looks 4 years old so we have adopted 16 August 2001 as his birthday.

He has not enrolled in any school because he is below enrolment age, he can only be enrolled in preschool.

He is a very active boy and quite playful. His perceived temperament is phlegmatic.
